

HOPE | ADVOCACY | PASSION

Four-year-old Rosie Vargas was born with a rare metabolic disorder.

A liver transplant has helped her to regain her health and avoid the constant risk of brain damage that can result from her condition.

HOPE

A hero gave Rosie hope. You can be a hero, too. Register as an organ, tissue and cornea donor.

HOPE | ADVOCACY | PASSION

Joy Starzl's husband, Dr. Thomas Starzl, was known as the "father of transplantation." He was a hero to many.

Joy wants donors and their families to know that *they* are the true heroes of transplantation.

ADVOCACY

Be a hero. Register as an organ, tissue and cornea donor.

HOPE | ADVOCACY | PASSION

Craig Smith was shocked when he received his diagnosis – viral cardiomyopathy.

Thanks to a heart transplant, he is enjoying life and working hard to raise awareness for organ donation.

PASSION

A hero saved Craig's life.

You can be a hero, too.

Register as an organ, tissue and cornea donor.
